

TEXWORLD Sourcing Pakistan

About Us:

TexWorld Sourcing Pakistan is driven by a dedicated team of experts specializing in product development, fabric sourcing, and end-to-end production management. We bridge the gap between global brands and Pakistan's premier manufacturing hubs. We are committed to sustainable and responsible sourcing, partnering primarily with vertical manufacturers to minimize environmental impact without compromising on quality. From design and packaging to rigorous quality inspections and logistics, we provide reliable solutions that deliver long-term value in the global market.

Our Product Expertise:

- **Home Textiles:** Bedding, Towels, & Hospitality Linens
- **Apparel:** Knitwear, Denim, Sportswear, & Nightwear
- **Specialized:** Healthcare, Workwear, & Technical Socks

Our Service Tiers

1. Starter: Supplier Matchmaking

Focus: Market Entry & Identification We identify and vet top-tier manufacturers tailored to your specific product needs.

- **Includes:** Detailed supplier profiles, verification of certifications (OEKO-TEX, BSCI, SEDEX), and initial price benchmarking.

2. Standard: Sourcing & Sample Management

Focus: Development & Negotiation We handle the heavy lifting of supplier vetting and hands-on sample development.

- **Includes:** Aggressive price negotiation to hit target rates, contract drafting, and managing the sampling process to ensure fabric and design accuracy before bulk approval.

3. Advanced: Full Production & Quality Liaison

Focus: End-to-End Supply Chain Management Acting as your **Virtual Liaison Office** in Pakistan, we manage the entire lifecycle of your order.

- **Includes:** All "Standard" features + on-site quality inspections during production, packaging supervision, and full logistics coordination for export to the USA, UK, and beyond.

Requirements.

Customer need to clearly elaborate the product specifications, terms of trade and delivery

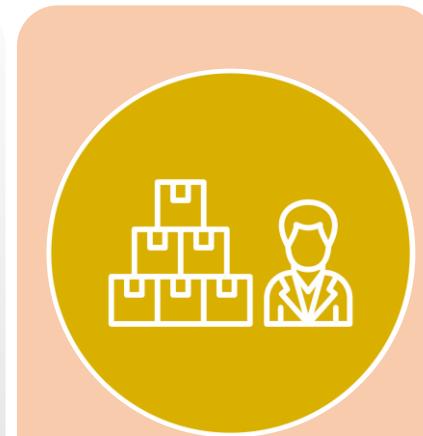

Sampling and Order Placement

Customers receive the mutually agreed samples for quality review and if expectations are met, Order is placed with the supplying Factory.

Pre Production

- To ensure the final product meets the buyer's precise expectations, pre-production samples are sent and agreed upon before moving to bulk production.

Bulk Production

- Buyer's Order is Qualitatively processed in bulk, inspected as per agreement, and made ready for final sampling.

Delivery

- Post final sampling and inspection approvals, the goods are shipped based on the terms of Trads.
